## NAMES

- Abitor MM:** Sex counseling for cancer patients. 136, Jun, c
- Acland R:** Evaluating instrumentation for gynecologic microsurgery. 153, May, c
- Acosta AA:** Endometriosis: The experts still debate therapy. 14, Apr, c
- Finding the best therapy for endometriosis. 70, Apr, c
- Plan for managing endometriosis. 123, Apr, c
- Adamson J Jr:** Resuscitating the depressed neonate. 29, Apr, c
- Ahern JK:** When obesity complicates pregnancy. 50, Apr, c
- Ahlfors CE:** Listeriosis: not rare, but rarely diagnosed. 113, Jan, c
- Albertini R:** Progesterone suppresses non-specific lymphocyte stimulation by mitogen. 150, Mar, oa
- Alford CA Jr:** Hormonal interactions may affect CMV excretion. 150, Mar, oa
- Understanding relationships between host and bacteria. 109, Feb, c
- Who harbors cytomegalovirus and herpes simplex? 131, Feb, oa
- Allen JR:** Environmental hazards: What they'll mean to your patients in the 1980s. 33, Jan, c
- Amstey MS:** CMI and pregnancy: Is it a trade-off? 120, Mar, c
- Surgical skills and the superspecialists. 15, Jun, et
- Anderson AB:** How to induce cervical ripening in late pregnancy. 173, May, c
- Ando Y:** Environmental hazards: What they'll mean to your patients in the 1980s. 36, Jan, c
- Andrews WC:** Finding the best therapy for endometriosis. 73, Apr, c
- Anthony BF:** Group B streptococcal neonatal infection. 123, Jan, c
- Antoine C:** When pheochromocytoma masquerades as preeclampsia. 195, Mar, ppc
- Armstrong G:** Environmental hazards: What they'll mean to your patients in the 1980s. 33, Jan, c
- Austin CR:** Can in vitro embryogenesis revolutionize management of infertility? 89, Jun, c
- Averette HE:** Have Pap screening tests outlived their usefulness? 142, Jun, s
- Ayers OM:** How bacterial flora of the genital tract relates to infection. 114, Feb, c
- Baker CJ:** Group B streptococcal neonatal infection. 119, Jan, c
- Baker DA:** CMI and pregnancy: Is it a trade-off? 119, Mar, oa
- Progesterone suppresses nonspecific lymphocyte stimulation by mitogen. 150, Mar, oa
- Banta HD:** EFM: Rebutting a rebuttal. 15, Feb, c
- Baramki TA:** Solving the riddles of amenorrhea. 48, Mar, s
- Barber HRK:** Surgical skills and the superspecialists. 15, Jun, c
- Bard H:** How fetal red cells adapt to extrauterine life. 165, Feb, oa
- Barden TP:** Recognizing teratogenic effects of drugs and radiation. 173, Mar, c
- Barno A:** CMI and pregnancy: Is it a trade-off? 120, Mar, c
- Barron B:** Have Pap screening tests outlived their usefulness? 158, Jun, c
- Barton JJ:** Author's reply. 16, Mar, et
- Case for pelvimetry. 15, Mar, c
- Matter of technique. 15, Mar, c
- Support for the lateral view. 15, Mar, c
- Beard CM:** Antitrichomonal drug cleared of being carcinogen. 239, May, nl
- Beem MD:** Approaches to preventing neonatal chlamydial infections. 98, Jan, c
- Belinson JL:** Understanding how cancer chemotherapy works. 163, Apr, oa
- Berger GS:** Brief for hypertonic saline. 30, Jun, c
- Solving the riddles of amenorrhea. 62, Mar, c
- Berkowitz RL:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- Berlin CM Jr:** Preventing toxic insult to fetus and newborn. 154, Feb, c
- Betts JW:** Endometriosis: The experts still debate therapy. 14, Apr, c
- Plan for managing endometriosis. 121, Apr, oa
- Bhatt RV:** Brief for hypertonic saline. 33, Jun, c
- Biggers JD:** Can in vitro embryogenesis revolutionize management of infertility? 82, Jun, c
- Bingham E:** Environmental hazards: What they'll mean to your patients in the 1980s. 44, Jan, c
- Birnbaum SJ:** Classifying uterine perforations during abortion. 47, Jun, oa
- Bjosen-Møller J:** Listeriosis: not rare, but rarely diagnosed. 113, Jan, c
- Blackburn WR:** Betamethasone: Do side effects outweigh benefits? 201, May, c
- Blair-Bell:** Endometriosis: The experts still debate therapy. 13, Apr, c
- Blasco L:** When cervical factors cause infertility. 125, May, oa
- Bobitt JR:** Analyzing specific infectious disease problems. 53, Jan, c
- Group B streptococcal neonatal infection. 119, Jan, oa
- Quantitative cultures yield antepartum information on group B streptococci. 151, Mar, oa
- Boggs TR Jr:** Avoiding morbidity during the first 60 minutes of life. 47, May, oa
- Bongiovanni AM:** Preventing toxic insult to fetus and newborn. 156, Feb, c
- Bowe ET:** When pheochromocytoma masquerades as preeclampsia. 195, Mar, ppc
- Bowie JD:** Managing second-trimester placenta previa. 188, Mar, c
- Boyes DA:** Have Pap screening tests outlived their usefulness? 151, Jun, c
- Brady P:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- Brancini D:** Betamethasone: Do side effects outweigh benefits? 201, May, c
- Breen M:** How to induce cervical ripening in late pregnancy. 176, May, c
- Brent RL:** Recognizing teratogenic effects of drugs and radiation. 178, Mar, c
- Bresky PA:** Midforceps delivery: Is it an anachronism? 96, May, c
- Bridford K:** Environmental hazards: What they'll mean to your patients in the 1980s. 32, Jan, c
- Brinkman CR III:** When obesity complicates pregnancy. 55, Apr, c
- Brinster RL:** Can in vitro embryogenesis revolutionize management of infertility? 89, Jun, c
- Britz ML:** Treating anaerobic infection in the 1980s. 79, Jan, c
- Brown HP:** Author's reply. 22, Apr, c
- Support for another alternative to laparoscopy. 21, Apr, et
- Brown WU:** Resuscitating the depressed neonate. 35, Apr, c
- Bruce WR:** Understanding how cancer chemotherapy works. 174, Apr, c
- Bryan LE:** Treating anaerobic infection in the 1980s. 86, Jan, c
- Bryant RE:** Treating anaerobic infection in the 1980s. 71, Jan, c
- Bryant WM:** How to induce cervical ripening in late pregnancy. 176, May, c
- Burke L:** Recognizing teratogenic effects of drugs and radiation. 177, Mar, c
- Burrow GN:** Recognizing teratogenic effects of drugs and radiation. 173, Mar, c
- Busch LA:** Listeriosis: not rare, but rarely diagnosed. 113, Jan, c
- Buttram VC Jr:** Endometriosis: The experts still debate therapy. 14, Apr, c
- Finding the best therapy for endometriosis. 70, Apr, s
- Plan for managing endometriosis. 121, Apr, oa
- Calder AA:** How to induce cervical ripening in late pregnancy. 173, May, c
- Capone MA:** Sex counseling for cancer patients. 131, Jun, oa
- Cates W Jr:** Brief for hypertonic saline. 29, Jun, oa
- Editorial comment. 43, Jun, c
- Cattaneo P:** How does amniotic fluid protect mother and fetus against infection? 129, Mar, c
- Cefalo RC:** Managing second-trimester placenta previa. 187, Mar, oa
- Chang MC:** Can in vitro embryogenesis revolutionize management of infertility? 89, Jun, c
- Charles D:** Analyzing specific infectious disease problems. 53, Jan, c
- Listeriosis: not rare; but rarely diagnosed. 111, Jan, oa
- Chez RA:** Environmental hazards: What they'll mean to your patients in the 1980s. 23, Jan, c
- Midforceps delivery: Is it an anachronism? 82, May, s
- Once a section, always a section? 128, Jan, s
- Chow AW:** Treating anaerobic infection in the 1980s. 86, Jan, c
- Christopherson WM:** Have Pap screening tests outlived their usefulness? 142, Jun, s
- Cleary RE:** Which endometrial cancers respond to progestin therapy? 139, May, oa
- Clifford SH:** Avoiding morbidity during the first 60 minutes of life. 52, May, c
- Cohen AW:** When obesity complicates pregnancy. 45, Apr, oa
- Cohen EN:** Anesthetic gases: hazardous to OR personnel. 155, Apr, c
- Cohen MR:** Finding the best therapy for endometriosis. 84, Apr, c
- Plan for managing endometriosis. 124, Apr, c
- Cohen WR:** Midforceps delivery: Is it an anachronism? 88, May, c
- Corbett TH:** Anesthetic gases: hazardous to OR personnel. 159, Apr, c
- Cordero I:** Resuscitating the depressed neonate. 34, Apr, c
- Coutts I:** How to induce cervical ripening in late pregnancy. 184, May, c
- Cowen J:** Group B streptococcal neonatal infection. 120, Jan, c
- Crawford JS:** Are epidural anesthetics safe in previous cesarean section patients? 146, Jan, c
- Crichdon D:** Midforceps delivery: Is it an anachronism? 88, May, c
- Crossley JR:** Dried blood-spot test for cystic fibrosis. 14, Jan, nl

## INDEX

- Cruz AC:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- Cullen TS:** Endometriosis: The experts still debate therapy. 13, Apr, c
- Cunningham FG:** Case for polymicrobial etiology of acute salpingitis. 95, Jan, c
- Treating anaerobic infection in the 1980s.** 74, Jan, c
- Dahn LS:** Resuscitating the depressed neonate. 27, Apr, c
- Dalrymple GV:** Recognizing teratogenic effects of drugs and radiation. 178, Mar, c
- Danforth DN:** How to induce cervical ripening in late pregnancy. 176, May, c
- Davenport JH:** Sex counseling for cancer patients. 136, Jun, c
- Decker K:** Laparoscopic and clinical diagnoses of PID do not always agree. 152, Mar, c
- DelBene VE:** Treating anaerobic infection in the 1980s. 71, Jan, c
- Delemos RA:** Betamethasone: Do side effects outweigh benefits? 198, May, c
- DerBrucke MG:** When obesity complicates pregnancy. 45, Apr, c
- Dewhurst CJ:** Once a section, always a section? 144, Jan, c
- Distler W:** Assessing fetal health when the mother is diabetic. 116, Jun, c
- Dmowski WP:** Finding the best therapy for endometriosis. 70, Apr, c
- Plan for managing endometriosis.** 124, Apr, c
- Doering PL:** Recognizing teratogenic effects of drugs and radiation. 171, Mar, c
- Donahue VC:** Sex counseling for cancer patients. 132, Jun, c
- Donald J:** Ultrasound diagnosis: Update for the 1980s. 28, Feb, c
- Dougherty R:** Environmental hazards: What they'll mean to your patients in the 1980s. 37, Jan, c
- Douglas LH:** Midforceps delivery: Is it an anachronism? 85, May, c
- Douglas RG:** Once a section, always a section? 144, Jan, c
- Droegemueller W:** Low-dose prostaglandins for second-trimester abortion. 19, Jun, c
- Eastman NJ:** When obesity complicates pregnancy. 46, Apr, c
- Edelman DA:** Brief for saline solution. 30, Jun, c
- Edidin DV:** Rickets may be on the rise among breastfed infants. 190, Jun, c
- Edwards RG:** Can in vitro embryogenesis revolutionize management of infertility? 89, Jun, c
- Ehrhardt AC:** Preventing toxic insult to fetus and newborn. 150, Feb, c
- Ehrlich CE:** Which endometrial cancers respond to progestin therapy? 139, May, c
- Ehrlich EN:** Current concepts of sodium metabolism and use of diuretics in pregnancy. 210, May, c
- Eickhoff TC:** Group B streptococcal neonatal infection. 123, Jan, c
- Eklblad LH:** Midforceps delivery: Is it an anachronism? 82, May, c
- Elder HA:** Do mycoplasmas cause infectious disease? 106, Jan, c
- Elliott RB:** Dried blood-spot test for cystic fibrosis. 14, Jan, c
- Emery AEH:** Efficacy of genetic counseling is assessed. 122, Apr, c
- Epstein MF:** Betamethasone: Do side effects outweigh benefits? 198, May, c
- Eschenbach DA:** Analyzing specific infectious disease problems. 53, Jan, c
- Case for a polymicrobial etiology of acute salpingitis.** 94, Jan, c
- Do mycoplasmas cause infectious disease?** 101, Jan, c
- Fainstet T:** How to diagnose and manage viralization in pregnant patients. 219, May, c
- Farber PA:** CMI and pregnancy: Is it a trade-off? 121, Mar, c
- Fenton LJ:** Group B streptococcal neonatal infection. 120, Jan, c
- Ferstandig LL:** Anesthetic gases: hazardous to OR personnel. 156, Apr, c
- Filice GA:** Listeriosis: not rare, but rarely diagnosed. 113, Jan, c
- Finegold SM:** Treating anaerobic infection in the 1980s. 71, Jan, c
- Finkel MJ:** Preventing toxic insult to fetus and newborn. 161, Feb, c
- Finster M:** When pheochromocytoma masquerades as preeclampsia. 195, Mar, c
- Fischer JR:** When obesity complicates pregnancy. 58, Apr, c
- Fish L:** How to induce cervical ripening in late pregnancy. 178, May, c
- Fitzhardinge PM:** Betamethasone: Do side effects outweigh benefits? 202, May, c
- Fleiner R:** Laparoscopic and clinical diagnoses of PID do not always agree. 152, Mar, c
- Fleming AF:** Hemoglobinopathies and hemolytic anemias: their effect on reproduction. 229, May, c
- Fleming R:** How to induce cervical ripening in late pregnancy. 184, May, c
- Florman AL:** How does amniotic fluid protect mother and fetus against infection? 138, Mar, c
- Foltz A:** Have Pap screening tests outlived their usefulness? 144, Jun, c
- Ford RW:** Case for pelvicometry. 15, Mar, c
- Freeman DW:** CMI and pregnancy: Is it a trade-off? 120, Mar, c
- Freeman LM:** Environmental hazards: What they'll mean to your patients in the 1980s. 23, Jan, c
- Freeman RK:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- Freiberg J:** Do mycoplasmas cause infectious disease? 104, Jan, c
- French TJ:** Group B streptococcal neonatal infection. 120, Jan, c
- Friedman EA:** Author's reply. 16, Mar, c
- Matter of technique.** 15, Mar, c
- Midforceps delivery: Is it an anachronism?** 82, May, c
- Frischer R:** Support for another alternative to laparoscopy. 21, Apr, c
- Gabbe SG:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- When obesity complicates pregnancy.** 45, Apr, c
- Gadow EC:** When and how to do amniocentesis. 79, Feb, c
- Galask RP:** How does amniotic fluid protect mother and fetus against infection? 129, Mar, c
- Gall SA:** How bacterial flora of the genital tract relates to infection. 114, Feb, c
- Garbaciak JA:** Case for pelvicometry. 15, Mar, c
- Matter of technique.** 15, Mar, c
- Support for the lateral view.** 15, Mar, c
- Garcia C-R:** Finding the best therapy for endometriosis. 104, Apr, c
- Gardner S:** Environmental hazards: What they'll mean to your patients in the 1980s. 27, Jan, c
- Geraci C:** Anesthetic gases: hazardous to OR personnel. 159, Apr, c
- Gibbons JM Jr:** Assessing fetal health when the mother is diabetic. 115, Jun, c
- Gibson JL:** Listeriosis: not rare, but rarely diagnosed. 113, Jan, c
- Glasgow LA:** CMI and pregnancy: Is it a trade-off? 121, Mar, c
- Gluck L:** Assessing fetal health when the mother is diabetic. 119, Jun, c
- Betamethasone: Do side effects outweigh benefits?** 197, May, c
- Gnarpe H:** Do mycoplasmas cause infectious disease? 104, Jan, c
- Golbus MS:** Hemoglobinopathies and hemolytic anemias: their effect on reproduction. 227, May, c
- Goldman AS:** Preventing toxic insult to fetus and newborn. 143, Feb, c
- Good RS:** Sex counseling for cancer patients. 131, Jun, c

Effect on reproduction. 227, May, oa

Managing in newborn during first hour of life. 65, May, oa

#### **ANENCEPHALY**

CNS birth defects linked to organic solvent exposure. 13, Jan, nl

Incidence of fell from 1970-71 to 1976-77. 177, Feb, nl

#### **ANESTHESIA, EPIDURAL**

Are epidural anesthetics safe in previous section patients? 146, Jan, oa

Contraindicated for trials of labor in previous section patients. 133, Jan, s

#### **ANESTHESIA, LOCAL**

Neonatal lidocaine intoxication follows maternal episiotomy. 241, May, nl

#### **ANESTHETIC GASES**

Dangers to offspring of exposed hospital personnel. 159, Feb, oa

Hazardous to OR personnel. 155, Apr, oa

#### **ANGIOGRAPHY**

Of placenta to follow previa cases. 188, Mar, oa

#### **ANOREXIA NERVOSA**

Cause of amenorrhea. 50, Mar, s

#### **ANTIBIOTICS**

Analyzing specific infectious disease problems. 53, Jan, oa

Cefoxitin prophylaxis reduces infections after cesarean sections. 151, Mar, oa

How bacterial flora of the genital tract relates to infection. 113, Feb, oa

Poor response of Group B streptococcal neonatal infection to. 119, Jan, oa

Regimens for treating salpingitis. 95, Jan, oa

Spectrum of coverage needed for posthysterectomy patients. 140, Feb, oa

Toward better diagnosis and treatment of anaerobic infections. 55, Jan, oa

Treating anaerobic infection in the 1980s. 69, Jan, oa

Treatment for infertility when cervical mucus cultures show mycoplasmas. 133, May, oa

Treatment for listeriosis. 114, Jan, oa

Treatment for mycoplasma infections. 108, Jan, oa

Understanding relationships between host and bacteria. 109, Feb, oa

What's going on in the research labs? 149, Mar, oa

#### **ANTIBODY-ANTIGEN REACTIONS**

CMI and pregnancy: Is it a trade-off? 119, Mar, oa

#### **ANTICONVULSANTS**

Implicated in birth defects. 173, Mar, oa

Monitoring levels of in newborns. 72, Jun, oa

#### **ANTINEOPLASTIC AGENTS**

Evaluation of. 163, Apr, oa

#### **ANXIETY**

Sex counseling for cancer patients. 131, Jun, oa

#### **APGAR SCORES**

Avoiding morbidity during the first 60 minutes of life. 47, May, oa

Correlation with FHR. 28, May, oa

Low scores a consequence of cervical incompetence in labor. 174, May, oa

Midforceps delivery: Is it an anachronism? 82, May, s

Principles and practice of a monitoring the neonate. 53, Jun, oa

Use in determining strategies for newborn resuscitation. 34, Apr, oa

#### **APHEA**

Monitoring for in newborns. 54, Jun, oa

#### **APPARATUS AND INSTRUMENTS, see EQUIPMENT AND SUPPLIES**

#### **APPOINTMENTS AND SCHEDULES**

Pap smear controversy. 11, Jun, le

Recommendations on Pap smear screening intervals. 142, Jun, s

#### **ARRHENOBLASTOMA**

Cause of virilization in pregnant patients. 224, May, oa

#### **ASBESTOS**

Environmental hazards: source of lung disease in factory workers. 26, Jan, oa

#### **ASPARAGINASE**

Effectiveness as antineoplastic agent. 165, Apr, oa

#### **ASPHYXIA**

Assessing in newborns. 53, Jun, oa

Avoiding morbidity during the first 60 minutes of life. 47, May, oa

#### **ASPIRATION**

Endotracheal, in depressed neonates. 47, May, oa

#### **ASPIRATION, NEEDLE**

Preferred sampling technique in anaerobic culturing. 62, Jan, oa

#### **ASSOCIATION FOR VOLUNTARY STERILIZATION**

Support for another alternative to laparoscopy. 21, Apr, et

#### **ASTHMA**

Breastfeeding—a defense against? 176, Feb, nl

Contraindication to prostaglandin abortions. 22, Jun, oa

#### **ATHLETICS, see SPORTS**

#### **AUSCULTATION**

Compared with electronic fetal monitoring. 15, Feb, et

#### **BACTERIA**

Raw breast milk analyzed for. 240, May, nl

#### **BACTERIAL INFECTIONS**

Analyzing specific disease problems. 53, Jan, oa

Approaches to preventing neonatal chlamydial infections. 98, Jan, oa

Associated with prostaglandin abortions. 33, Jun, oa

Bacteria found in amniotic fluid whether or not membranes are intact. 149, Mar, oa

Case for a polymicrobial etiology of acute salpingitis. 93, Jan, oa

Cause of tubal damage leading to infertility. 133, Apr, oa

Cefoxitin prophylaxis reduces infections after cesarean sections. 151, Mar, oa

Cervicovaginal flora of patients with invasive cervical cancer. 139, Feb, oa

Chlamydial infection can cause pneumonia in neonates. 182, Apr, nl

CMI and pregnancy: Is it a trade-off? 119, Mar, oa

Do mycoplasmas cause infectious disease? 101, Jan, oa

Group B streptococcal neonatal infection. 119, Jan, oa

How bacterial flora of the genital tract relates to infection. 113, Feb, oa

How does amniotic fluid protect mother and fetus against infection? 127, Mar, oa

Listeriosis: not rare, but rarely diagnosed. 111, Jan, oa

Monitoring for in newborns. 54, Jun, oa

Quantitative cultures yield antepartum information on group B streptococci. 151, Mar, oa

Toward better diagnosis and treatment of anaerobic infections. 55, Jan, oa

Treating anaerobic infection in the 1980s. 69, Jan, oa

Understanding relationships between host and bacteria. 109, Feb, oa

What's going on in the research labs? 149, Mar, oa

Why are there fewer infections after menopause? 125, Feb, oa

## INDEX

### BACTERIOIDES

Comparison of bacterial species found in genital tracts of pre- and postmenopausal women. 127, Feb, oa  
Constituent of genital tract flora. 114, Feb, oa

In genital tract infections. 58, Jan, oa

### BACTERIOIDES INFECTIONS

Agents effective against. 70, Jan, oa  
Case for a polymicrobial etiology of acute salpingitis. 94, Jan, oa  
Resistant to penicillins and cephalosporins. 58, Jan, oa

Understanding relationships between host and bacteria. 109, Feb, oa

### BETA-LACTAMASES

Role in anaerobic resistance to antibiotics. 71, Jan, oa

### BETAMETHASONE

Doside effects outweigh benefits? 95, May, oa

### BILIRUBIN

Monitoring levels in newborns. 63, Jun, oa

### BIOCHEMISTRY

Can you interpret blood gas readings? 35, May, oa

How does amniotic fluid protect mother and fetus against infection? 127, Mar, oa

How fetal red cells adapt for extrauterine life. 165, Feb, oa

How xenobiotic compounds can destroy oocytes. 157, Mar, oa

Of hemoglobinopathies and hemolytic anemias. 227, May, oa

Physiology of androgens in hirsutism. 27, Mar, oa

Understanding how cancer chemotherapy works. 163, Apr, oa

Which endometrial cancers respond to progestin therapy? 139, May, oa

### BIOPSY

Endometrial, in evaluating the infertile couple. 97, Feb, oa

Endometrial, to detect tubal damage associated with endometriosis. 140, Apr, oa

To diagnose ovarian masses in virilization of pregnant patients. 224, May, oa

### BIPARIETAL DIAMETER

In gestational dating by ultrasound. 29, Feb, s

### BIRTH CONTROL, see FAMILY PLANNING

### BIRTH DEFECTS, see ABNORMALITIES; CHROMOSOME ABNORMALITIES

### BIRTHWEIGHT

Highest birthweights associated with maternal weight gains over 30 lb. 45, Apr, oa

Low-birthweight infants more common among offspring of women with high plasma AFP. 180, Feb, nl

Lower in offspring of women who work until delivery. 76, May, oa

Possible association of mycoplasma infection and low birthweight. 106, Jan, oa

Predicted high birthweight an indication for repeat section. 130, Jan, s

Reduced in offspring of hyperthyroid mothers. 173, Mar, oa

Reduced in offspring of mothers who smoke. 149, Feb, oa

Relationship with change from fetal to adult hemoglobin synthesis. 167, Feb, oa

### BLADDER

Nonurinary filling a source of inaccuracy in diagnosing placenta previa. 188, Mar, oa

### BLASTOCYST

Implantation after in vitro embryogenesis. 78, Jun, oa

### BLOOD CHEMICAL ANALYSIS

Dried blood-spot test for cystic fibrosis. 14, Jan, nl

### BLOOD CIRCULATION, see FETAL BLOOD

### BLOOD GAS ANALYSIS

Can you interpret blood gas findings? 35, May, oa

Preventing fetal distress. 27, May, oa

Principles and practice of monitoring the neonate. 60, Jun, oa

### BLOOD PRESSURE DETERMINATION

Principles and practice of monitoring the neonate. 54, Jun, oa

### BLOOD VOLUME

Monitoring for hypovolemia in newborns. 57, Jun, oa

### BODY TEMPERATURE

Basal body temperature charting to evaluate the infertile couple. 97, Feb, oa

Cold stress during first hour of life. 55, May, oa

Monitoring in newborns. 57, Jun, oa

Regulation of in resuscitating the depressed neonate. 27, Apr, oa

Reiation of basal body temperature to ovulation. 104, Feb, oa

### BODY WEIGHT

Sodium metabolism and use of diuretics in pregnancy. 207, May, oa

When obesity complicates pregnancy. 45, Apr, oa

### BONDING, MATERNAL-FETAL

Effect of cesarean section on. 144, Jan, s

### BONE REGENERATION

Do postmenopausal estrogens protect against fractures? 177, Feb, nl

### BRAIN DAMAGE

From intrapartum asphyxia. 27, May, oa

### BRAIN DEVELOPMENT

Reduced in rhesus fetuses exposed to dexamethasone. 198, May, oa

### BREAST DEVELOPMENT

Factor in evaluating primary amenorrhea in teenagers. 49, Mar, s

### BREASTFEEDING

Data show rise in throughout 1970s. 240, May, nl

Defense against childhood allergies? 176, Feb, nl

Environmental hazards: contamination of human breast milk by halogenated hydrocarbons. 25, Jan, oa

Raw breast milk analyzed for bacteria. 240, May, nl

Rickets may be on the rise among breastfed infants. 190, Jun, nl

Risks to infant from maternal ingestion of environmental toxins. 154, Feb, oa

### BREAST NEOPLASMS

Metronidazole use and. 239, May, nl

Psychosocial effects of chemotherapy for breast cancer. 180, Feb, nl

### BRECH PRESENTATION, see LABOR PRESENTATION

### BUFFERS

Role in fetal blood chemistry. 35, May, oa

### BUSULFAN

Destruction of oocytes by. 162, Mar, oa

### CALCIUM

Monitoring serum levels of in newborns. 69, Jun, oa

### CALIPERS, ELECTRONIC

Ultrasound scanners: How to pick the one that's best for you. 23, Feb, oa

### CANCER, see NEOPLASMS

### CARBENICILLIN

Range of coverage for anaerobic infections. 71, Jan, oa

### CARCINOGENS

Antitrichomonal drug cleared. 239, May, nl

Confronting the unavoidable. 9, Jan, le

Environmental hazards: what they'll mean to your patients in the 1980s. 22, Jan, oa

### CARDIAC MASSAGE, see HEART MASSAGE

### CATECHOLAMINES

Excess circulation of in pheochromocytoma. 200, Mar, ppc

### CATHETERIZATION

Technique to monitor urethral pressure in stress incontinence. 105, May, oa

To monitor blood pressure in newborns. 57, Jun, oa

### CEFAMANDOLE

Range of coverage for anaerobic infections. 74, Jan, oa

### CEFOXITIN

Prophylaxis reduces infections after cesarean sections. 151, Mar, oa

Range of coverage for anaerobic infections. 74, Jan, oa

### CELL DIFFERENTIATION

Mechanisms of steroid hormone action in regulating cell growth. 142, May, oa

Using cytology to study DES daughters. 95, Jun, oa

### CELL DIVISION

Understanding how cancer chemotherapy works. 163, Apr, oa

### CELL-MEDIATED IMMUNITY (CMI), see IMMUNOLOGIC FACTORS

### CENTER FOR DISEASE CONTROL

Data show abortion rates still in an uptrend. 184, Feb, nl

Keeping closer watch on measles reporting. 192, Jun, nl

Role in regulating cytology laboratories. 153, Jun, s

Study of programs that prevent adolescent pregnancy. 184, Apr, nl

Study shows no changes apparent in birth defect rates. 176, Feb, nl

Tracks formula-associated metabolic alkalosis. 244, May, nl

### CENTRAL NERVOUS SYSTEM

CNS birth defects linked to organic solvent exposure. 11, Jan, le

Growth inhibited by glucocorticoids in guinea pig fetus. 202, May, oa

Tumor cell sanctuary. 178, Apr, oa

### CEPHALOSPORINS

Range of coverage for anaerobic infections. 73, Jan, oa

Resistance of anaerobes to. 58, Jan, oa

Response of *Bacteroides* to perioperative prophylaxis. 116, Feb, oa

### CEPHALOTHIN

Range of coverage for anaerobic infections. 73, Jan, oa

### CEREBRAL PALSY

Danger of in intrapartum asphyxia. 27, Mar, oa

### CERTIFICATION

US nurse-midwives: an insider's view. 19, May, et

### CERVICAL DILATATION

By Laminaria tents in second-trimester prostaglandin-induced abortions. 20, Jun, oa

### CERVICAL INCOMPETENCE

How to induce cervical ripening in late pregnancy. 173, May, oa

PGE pessaries used to ripen cervix preceding induction. 244, May, nl

### CERVICAL MUCUS

Examination of in evaluating the infertile couple. 91, Feb, oa

Lack of midcycle secretion a factor in conception failure. 102, Feb, oa

When cervical factors cause infertility. 125, May, oa

### CERVICAL NEOPLASMS

Cervical flora of patients with invasive cervical cancer. 139, Feb, oa

Conversation with the president of ACS. 167, Jun, oa

Have Pap screening tests outlived their usefulness? 142, Jun, s

Pap smear controversy. 11, Jun, le

Sex counseling for cancer patients. 131, Jun, oa

Similarity in flora of cervical cancer patients to that of immunosuppressed transplant patients. 109, Feb, oa

Trichomoniasis associated with. 240, May, nl

Using cytology to study DES daughters. 95, Jun, oa

### CESAEAREAN SECTION

Alternative to midforceps delivery. 82, May, s

Are epidural anesthetics safe in previous cesarean patients? 146, Jan, oa

Cefoxitin prophylaxis reduces infections after. 151, Mar, oa

Does a high section rate mean a low perinatal death rate? 239, May, nl

In cases of placenta previa. 187, Mar, oa

Method of choice for delivery of distressed fetus in first stage of labor. 31, May, oa

Once a section, always a section? 128, Jan, s

Pelvimetry to assess need for. 16, Mar, et

Ultrasound used to determine need for. 42, Feb, s

Use of PGE pessaries for inductions reduces section rates. 244, May, nl

When cervix fails to ripen before onset of labor. 174, May, oa

When pheochromocytoma complicates pregnancy. 198, Mar, ppc

### CHEMOTHERAPY, see DRUG THERAPY

### CHILDBIRTH, see DELIVERY

### CHLAMYDIAL INFECTIONS

Analyzing specific infectious disease problems. 53, Jan, oa

Approaches to preventing in neonates. 98, Jan, oa

Can cause pneumonia in neonates. 182, Apr, nl

Case for a polymicrobial etiology of acute salpingitis. 94, Jan, oa

### CHLORAMPHENICOL

Effective against anaerobic gram-negative rods. 64, Jan, oa

Effective against mycoplasmas. 108, Jan, oa

Most active FDA-approved agent for use against anaerobes. 78, Jan, oa

Test to evaluate hyperprolactinemia. 106, Mar, oa

### CHLORIDES

Low levels of in infant formulas implicated in metabolic alkalosis. 244, May, nl

### CHOLELITHIASIS

Symptom of inherited hemolytic anemia. 232, May, oa

### CHORIOAMNIONITIS

Bacteria found in amniotic fluid whether or not membranes intact. 149, Mar, oa

### CHROMAFFIN SYSTEM

Source of pheochromocytoma. 198, Mar, ppc

### CHROMATIN

Structure of a factor in resistance of oocytes to ionizing radiation. 162, Mar, oa

### CHROMOSOME ABNORMALITIES

Congenital factors in evaluating the infertile couple. 89, Feb, oa

Efficacy of genetic counseling is assessed. 182, Apr, nl

Environmental hazards: risks to genes from exposure to halogenated hydrocarbons. 33, Jan, oa

Indication for amniocentesis. 61, Feb, oa

In genetics of hemoglobin. 227, May, oa

Recognizing teratogenic effects of drugs and radiation. 171, Mar, oa

Testicular feminization in amenorrheic women. 49, Mar, s

### CLASSIFICATION

Of diabetic patients for management of pregnancy. 120, Jun, oa

Of surgical procedures for restoring tubal function. 146, Apr, oa

Of uterine perforations that occur during abortion. 47, Jun, oa

Phylogenetic niche of mycoplasmas. 101, Jan, oa

Staging of endometriosis by degrees of severity. 123, Apr, oa

System for identifying anaerobic bacteria. 55, Jan, oa

Systems for staging endometriosis. 73, Apr, s

### CLAVULANIC ACID

Reduces resistance of beta-lactamase-producing anaerobes to antibiotics. 86, Jan, oa

### CLEFT PALATE

In offspring, associated with use of anticonvulsants by mother. 174, Mar, oa

### CLINDAMYCIN

Effective against anaerobic gram-negative rods. 64, Jan, oa

Range of coverage for anaerobic infections. 81, Jan, oa

### CLINICAL COMPETENCE

Avoiding complications of laparoscopy: author's reply. 22, May, et

Case for pelvimetry. 15, Mar, et

EFM: Rebutting a rebuttal. 15, Feb, et

Guiding the hand that holds the tool. 11, Feb, le

In praise of the gyn oncologist as surgical mentor. 15, Jun, et

Skills needed for midforceps deliveries. 85, May, s

Some helpful hints on performing laparoscopy. 22, May, et

Surgical skills and the superspecialists. 15, Jun, et

### CUTOROMEGALY

In female fetus exposed to maternal androgens. 223, May, oa

### CLOMIPHENE CITRATE

To induce ovulation in amenorrheic women desiring pregnancy. 76, Mar, s

### CLOSTRIDIAL INFECTIONS

Agents effective against. 70, Jan, oa

Toward better diagnosis and treatment of anaerobic infections. 58, Jan, oa

### COITUS

Alternatives to for genital cancer patients. 136, Jun, oa

### COLLAGEN

Principal component of cervix. 176, May, oa

### COLONIZATION

Growth patterns of mycoplasmas. 101, Jan, oa

How bacterial flora of the genital tract relates to infection. 113, Feb, oa

Of genital tract by obligate anaerobes. 56, Jan, oa

Of genital tracts of pregnant women by group B streptococci. 122, Jan, oa  
Vagina found to be better culture site than cervix for group B streptococci. 151, Mar, oa

**see also BACTERIAL INFECTION**

**COLPOSCOPY**  
Adjunct to cytologic studies of DES daughters. 101, Jun, oa

**COMMUNICATION**  
Informing the infertile patient. 101, Feb, oa  
Keeping up and moving on. 13, Mar, le  
Patient access to medical records. 152, Jan, mu  
Sex counseling for cancer patients. 131, Jun, oa

**CONCEPTION, see FERTILITY**

**CONGENITAL DEFECTS, see ABNORMALITIES; CHROMOSOME ABNORMALITIES**

**CONFIDENTIALITY**  
Should malpractice carriers divulge names to the IRS? 147, Jan, mu

**CONJUNCTIVITIS, INCLUSION**  
In neonates, from chlamydial infection. 182, Apr, nl

**In newborns of mothers with chlamydial infection of the cervix. 98, Jan, oa**

**CONSUMER ORGANIZATIONS**  
Question high cesarean section rates. 128, Jan, s

**CONTRACEPTION**  
Alternative to laparoscopy: Author's reply. 22, Apr, et  
Efficacy of genetic counseling is assessed. 182, Apr, nl  
Programs that prevent adolescent pregnancy. 184, Apr, nl  
Vaginal tubal sterilization an alternative to laparoscopy. 21, Apr, et  
Wider use of slows rise in abortion rate. 184, Feb, nl

**see also FAMILY PLANNING**

**CONTRACEPTIVE DEVICES, FEMALE**  
IUD user seeks triple damages under Consumer Fraud Act. 147, Jan, mu  
Plastic tool useful for retrieving IUD threads. 11, Jan, nl

**see also INTRAUTERINE DEVICES**

**CONTRACEPTIVES, ORAL**  
Alternative to danazol for managing endometriosis. 123, Apr, oa  
Post-pill amenorrhea. 62, Mar, s  
Role of hormonal contraceptives in onset of endometriosis. 81, Apr, s  
To halt new hair growth in hirsutism cases. 41, Mar, oa

**CONTRACTION STRESS TESTING**  
To assess fetal health in diabetic pregnancies. 116, Jun, oa

**CORTISOL**  
Immunosuppressive factor during pregnancy. 121, Mar, oa

**COSMETICS**  
Environmental hazards: possible carcinogenicity of hair dye ingredients. 27, Jan, oa

**COSTS AND COST ANALYSIS**  
Costs of prostaglandin and saline abortions compared. 38, Jun, oa  
EFM: Rebuttal a rebuttal. 15, Feb, et  
Evaluating instrumentation for gynecologic microsurgery. 153, May, oa  
Expense a drawback of danazol in treatment for endometriosis. 104, Apr, s  
Has our planning gone awry? 13, May, le  
Have Pap screening tests outlived their usefulness? 156, Jun, s  
Hospitalization expenses higher for cesarean section than for vaginal delivery. 144, Jan, s  
Is the US health care system really better? 19, May, et  
Pap smear controversy. 11, Jun, le  
Reimbursement problems in ultrasound diagnosis. 49, Feb, s  
Ultrasound scanners: How to pick the one that's best for you. 21, Feb, oa  
Use of plastic tool to retrieve IUD threads obviates hospitalization for removal. 14, Jan, nl

**Vaginal tubal sterilization as an alternative to laparoscopy. 21, Apr, et**

## INDEX

### PENICILLINS

CDC recommendations for treating acute salpingitis. 95, Jan, oa  
Effective against listeriosis. 114, Jan, oa  
Mycoplasmas resistant to. 108, Jan, oa  
Range of coverage for anaerobic infections. 71, Jan, oa

Resistance of anaerobes to. 58, Jan, oa  
Treatment for suspected neonatal streptococcal infection. 120, Jan, oa

### PEPTIDES

Role in antibacterial activity of amniotic fluid. 135, Mar, oa

### PEPTOCOCCAL INFECTIONS

Agents effective against. 70, Jan, oa  
Case for a polymicrobial etiology of acute salpingitis. 94, Jan, oa

Toward better diagnosis and treatment of anaerobic infections. 57, Jan, oa

### PEPTOCOCCI

Constituent of genital flora. 115, Feb, oa

### PEPTOSTREPTOCOCCAL INFECTIONS

Agents effective against. 70, Jan, oa  
Case for a polymicrobial etiology of acute salpingitis. 94, Jan, oa

Toward better diagnosis and treatment of anaerobic infections. 57, Jan, oa

### PEPTOSTREPTOCOCCI

Constituent of genital flora. 115, Feb, oa

PERINATAL MORTALITY, see INFANT MORTALITY

### PERTONOSCOPY

Diagnostic procedures for evaluating the infertile couple. 92, Feb, oa

PERSONNEL, HOSPITAL  
Exposed to teratogenic risks. 159, Feb, oa

### PESARIAS

PGE pessaries reduce failed inductions. 244, May, nl

pH, see HYDROGEN ION CONCENTRATION

### PHARMACOLOGY

Betamethasone. Do side effects outweigh benefits? 195, May, oa  
Drugs that may cause toxic insult to fetus and newborn. 149, Feb, oa

Recognizing teratogenic effects of drugs and radiation. 171, Mar, oa  
Testing antineoplastic drugs. 163, Apr, oa

### PHENOBARBITAL

Treatment for neonatal lidocaine intoxication. 242, May, nl

### PHEOCHROMOCYTOMA

Masquerades as preeclampsia. 195, Mar, ppc

### PHOSPHATES

Role in antibacterial activity of amniotic fluid. 130, Mar, oa

### PHOTOGRAPHY

Facilities for in microscopy. 157, May, oa

PHYSICIAN-PATIENT RELATIONSHIP

Confronting the unavoidable. 9, Jan, le  
Court ruling on patient access to medical records. 152, Jan, mu

Diagnosing and treating the hirsute woman. 25, Mar, oa

Efficacy of genetic counseling is assessed. 182, Apr, nl

Evaluating the infertile couple. 87, Feb, oa

If the complaint is incontinence—determine pressure profile. 105, May, oa

Low-dose prostaglandins for second-trimester abortion. 19, Jun, oa

Principles and practice of monitoring the neonate. 53, Jun, oa

Resuscitating the depressed neonate. 27, Apr, oa

Sodium metabolism and use of diuretics in pregnancy. 207, May, oa

Understanding how cancer chemotherapy works. 163, Apr, oa

When cervical factors cause infertility. 125, May, oa

When tubal factors cause infertility. 133, Apr, oa

PITUITARY NEOPLASMS

Evaluating hyperprolactinemia: which tests to use. 91, Mar, oa

Factor in evaluating amenorrhea. 50, Mar, s

PLACENTA PREVIA

Managing second-trimester placenta previa. 187, Mar, oa

Ultrasound diagnosis of. 48, Feb, s

PLACENTAL DISORDERS

Complicate amniocentesis. 67, Feb, oa

PNEUMONIA

In neonates, from chlamydial infection. 182, Apr, nl

Syndrome of in newborn of mothers with chlamydial infection of the cervix. 98, Jan, oa

Transplacentally acquired, in newborns. 54, Jun, oa

### POLAROGRAPHY

To determine arterial oxygen pressure in newborns. 60, Jun, oa

POLIOMYELITIS

Resistance to decreased during pregnancy. 120, Mar, oa

POLLUTION, see ENVIRONMENTAL POLLUTANTS

POLYBROMINATED BIPHENYLS

Contamination of breast milk by. 156, Feb, oa

POLYCHLOROBIPHENYL COMPOUNDS

Environmental hazards: PCBs in human breast milk. 25, Jan, oa

POLYHYDRAMNIOS

Indication for repeat section. 130, Jan, s

POLYTOMOGRAMS, see TOMOGRAPHY, COMPUTERIZED AXIAL

POLYVINYL CHLORIDE

Employer restrictions on exposure of pregnant workers to. 70, May, oa

POPULATION DYNAMICS

Has our planning gone awry? 13, May, le

POSTCOITAL TESTING

Diagnostic procedures for evaluating the infertile couple. 91, Feb, oa

Sims-Hühner test to evaluate the cervical mucus. 103, Feb, oa

When cervical factors cause infertility. 125, May, oa

POSTMATURITY, see FETAL DEVELOPMENT

PRACTICE MANAGEMENT

Ultrasound scanners: How to pick the one that's best for you. 21, Feb, oa

PREECLAMPSIA

Associated with abdominal sodium retention in pregnancy. 212, May, oa

Indication for induction of labor. 186, May, oa

When pheochromocytoma masquerades as. 195, Mar, ppc

PREGNANCY

Achievement of following surgical or drug therapy for endometriosis. 94, Apr, s

Can in vitro embryogenesis revolutionize management of infertility? 77, Jun, oa

Changes in genital tract flora during. 117, Feb, oa

Effect on incidence of cytomegalovirus and herpes simplex genital tract infections. 136, Feb, oa

Preserving capability for in patients with endometriosis. 124, Apr, oa

Ruled not an illness by US Supreme Court. 69, May, oa

Sodium metabolism and use of diuretics in. 207, May, oa

PREGNANCY, ADOLESCENT

Programs to prevent. 184, Apr, nl

PREGNANCY COMPLICATIONS

Approaches to preventing neonatal chlamydial infections. 98, Jan, oa

CMI and pregnancy: Is it a trade-off? 119, Mar, oa

Environmental hazards: What they'll mean to your patients in the 1980s. 24, Jan, oa

From obesity. 45, Apr, oa

Group B streptococcal neonatal infection. 122, Jan, oa

How does amniotic fluid protect mother and fetus against infection? 127, Mar, oa

How to diagnose and manage virilization in pregnant patients. 219, May, oa

Managing second-trimester placenta previa. 187, Mar, oa

Once a section, always a section? 128, Jan, s

Plasma-AFP level helps assess. 178, Feb, nl

Pregnant women may be more susceptible to listeriosis. 111, Jan, oa

Pregnant working women: What advice should you give them? 69, May, oa

Preventing toxic insult to fetus and newborn. 143, Feb, oa

Quiz: Test your knowledge of complications of pregnancy. 172, Feb, oa

Ultrasound diagnosis: Update for the 1980s. 28, Feb, s

When and how to do amniocentesis. 61, Feb, oa

When pheochromocytoma masquerades as preeclampsia. 195, Mar, ppc

PREGNANCY, ECTOPIC

Acute salpingitis a causative factor in. 93, Jan, oa

PREGNANCY IN DIABETES

Assessing fetal health when the mother is diabetic. 115, Jun, oa

Self-monitoring shortens hospital stays for pregnant diabetics. 190, Jun, nl

PREGNANCY, MULTIPLE

Incidence among women with high levels of plasma AFP. 180, Feb, nl

Indication for repeat section. 130, Jan, s

Technique for performing amniocentesis in cases of. 68, Feb, oa

Ultrasound diagnosis of. 29, Feb, s

PREGNANCY, PROLONGED

How to induce cervical ripening. 173, May, oa

PRENATAL DIAGNOSIS

Assessing fetal health when the mother is diabetic. 115, Jun, oa

Can you interpret blood gas findings? 35, May, oa

Efficacy of genetic counseling is assessed. 182, Apr, nl

EFM: Rebutting a rebuttal. 15, Feb, et

In group B streptococcal infection. 119, Jan, oa

Of hemoglobinopathies and hemolytic anemias. 229, May, oa

Plasma-AFP level helps assess normalcy of pregnancy. 178, Feb, nl

Preventing fetal distress. 27, May, oa

Ultrasound diagnosis: Update for the 1980s. 28, Feb, s

Virilization in pregnant patients. 219, May, oa

When and how to do amniocentesis. 61, Feb, oa

PRESENTATION, see LABOR PRESENTATION

PREVENTIVE MEDICINE

Approaches to preventing neonatal chlamydial infections. 98, Jan, oa

Breastfeeding—a defense against childhood allergies? 176, Feb, nl

Conversation with the president of ACS. 169, Jun, oa

Do postmenopausal estrogens protect against fractures? 177, Feb, nl

Have Pap screening tests outlived their usefulness? 142, Jun, s

How bacterial flora of the genital tract relates to infection. 113, Feb, oa

Immunologic studies of antibodies to neonatal streptococcal infection. 121, Jan, oa

Preventing toxic insult to fetus and newborn. 143, Feb, oa

PROFESSIONAL COMPETENCE

Confronting the unavoidable. 9, Jan, le

### SURGICAL INSTRUMENTS

Avoiding complications of laparoscopy: Author's reply. 22, May, et  
Evaluating for gynecologic microsurgery. 153, May, oa  
Forceps use in US and UK compared. 19, May, et  
Midforceps delivery: Is it an anachronism? 82, May, s  
Plastic tool useful for retrieving IUD threads. 11, Jan, nl  
Some helpful hints on performing laparoscopy. 22, May, et

### SURGICAL WOUND INFECTIONS

Cefoxitin prophylaxis reduces infections after cesarean sections. 151, Mar, oa  
High incidence of following vaginal tubal surgery. 22, Apr, et  
Why are there fewer after menopause? 125, Feb, oa

### SUTURES

Evaluating instrumentation for gynecologic microsurgery. 162, May, oa

### TACHYPNEA

In cold-stressed newborn during first hour of life. 55, May, oa

### TAXES

Should malpractice carriers divulge names to the IRS? 147, Jan, mu

### TECHNOLOGY, MEDICAL

Anesthetic gases: hazardous to OR personnel. 155, Apr, oa  
Case for pelvimetry. 15, Mar, et  
Does a high section rate mean a low perinatal death rate? 239, May, nl  
EFM: Rebutting a rebuttal. 15, Feb, et  
Evaluating instrumentation for gynecologic microsurgery. 153, May, oa  
Guiding the hand that holds the tool. 11, Feb, le  
Has our planning gone awry? 13, May, le  
If the complaint is incontinence—determine pressure profile. 105, May, oa

Is the US health care system really better? 19, May, et

Is x-ray pelvimetry necessary? Author's reply. 16, Mar, et

Midforceps delivery: Is it an anachronism? 82, May, s

Monitoring equipment needed in trials of labor for previous section patients. 133, Jan, s

Monitoring equipment to prevent fetal distress. 29, May, oa

Pelvimetry: matter of technique. 16, Mar, et

Principles and practice of monitoring the neonate. 53, Jun, oa

Radiation effects of x-ray equipment on patients and medical personnel. 22, Jan, oa

Support for the single lateral x-ray. 15, Mar, et

Ultrasound diagnosis: Update for the 1980s. 28, Feb, s

Ultrasound scanners: How to pick the one that's best for you. 21, Feb, oa

When and how to do amniocentesis. 61, Feb, oa

CDC recommendations for treating acute salpingitis. 95, Jan, oa

Resistance of anaerobic bacteria to. 86, Jan, oa

Treating for mycoplasma infections. 108, Jan, oa

**TETRALOGY OF FALLOT**

In offspring, associated with use of anticonvulsants by mother. 174, Mar, oa

**THALASSEMIA**

Effects of reproduction. 228, May, oa

**THALIDOMIDE**

Recognizing teratogenic effects of drugs and radiation. 171, Mar, oa

**THERMOREGULATION**

Avoiding morbidity during the first 60 minutes of life. 47, May, oa

Resuscitating the depressed neonate. 27, Apr, oa

**THROMBOEMBOLISM**

Risk of increased in obese pregnancies. 50, Apr, oa

**THYMUS**

Manufactures T-lymphocytes involved in cell-mediated immunity. 119, Mar, oa

**THYROID**

Decreased functioning of associated with chemotherapy for breast cancer. 184, Feb, nl

**THYROID HORMONES**

Adverse effects to fetus of maternal T<sub>3</sub> and T<sub>4</sub> supplementation. 172, Mar, oa

**THYROID-RELEASING HORMONE**

Test to evaluate hyperprolactinemia. 106, Mar, oa

**THYROID-STIMULATING HORMONE**

Measurements of to rule out hypothyroidism as a cause of amenorrhea. 50, Mar, s

**TICARCILIN**

Range of coverage for anaerobic infections. 71, Jan, oa

**TOPOGRAPHY, COMPUTERIZED AXIAL**

Nephrotomograms to locate tumor in pheochromocytoma. 202, Mar, ppc

To establish pituitary tumor in hyperprolactinemia. 100, Mar, oa

To rule out pituitary tumor in evaluating amenorrhea. 50, Mar, s

### TOXINS

Confronting the unavoidable. 9, Jan, le

How xenobiotic compounds can destroy oocytes. 157, Mar, oa

Neonatal lidocaine intoxication follows maternal episiotomy. 241, May, nl

Preventing toxic insult to fetus and newborn. 143, Feb, oa

Recognizing teratogenic effects of drugs and radiation. 171, Mar, oa

### TRANSDUCERS

Construction of a consideration in picking an ultrasound scanner. 22, Feb, oa

Electronic focusing of. 41, Feb, s

**TRANSPLANTATION**

Similarity of cervicovaginal flora in cervical cancer and renal transplant patients. 140, Feb, oa

### TRICHOMONAL INFECTIONS

Antitrichomonal drug cleared of being carcinogen. 239, May, nl

### TRYPsin

Levels of diagnostic in cystic fibrosis. 14, Jan, nl

### TUBERCULOSIS

Can cause tubal damage leading to infertility. 134, Apr, oa

### TUMORS, see NEOPLASMS

### ULTRASOUND

Apparent safety of exposure to. 24, Jan, oa

As an adjunct to amniocentesis. 61, Feb, oa

For monitoring motion of fetal heart valve. 30, May, oa

Importance of as an adjunct to amniocentesis. 12, Feb, le

Scanners: How to pick the one that's best for you. 21, Feb, oa

To assess fetal development in diabetic pregnancies. 119, Jun, oa

To detect ovarian mass in virilization during pregnancy. 224, May, oa

To diagnose second-trimester placenta previa. 187, Mar, oa

To monitor labor under epidural anesthesia in previous section patients. 146, Jan, oa

Ultrasound diagnosis: Update for the 1980s. 28, Feb, s

Use in prostaglandin-induced second-trimester abortions. 20, Jun, oa

Used to check uterine contents when IUD threads are lost. 11, Jan, nl

**UMBILICAL CORD, see FETAL BLOOD UREA PLASMA UREA LYTICUM**
